THERMOTEX **TF**
MARKING THE FUTURE

**Multifunction devices,
accessories and tacking guns**

THERMO-IDENT

The pneumatic multifunctional device for single-use and permanent marking using the thermal transfer printing process. This all-in-one system for laundries and dry cleaners enables both the printing of labels and their application — either by heat-sealing or as buttonhole labels — in a single work step.

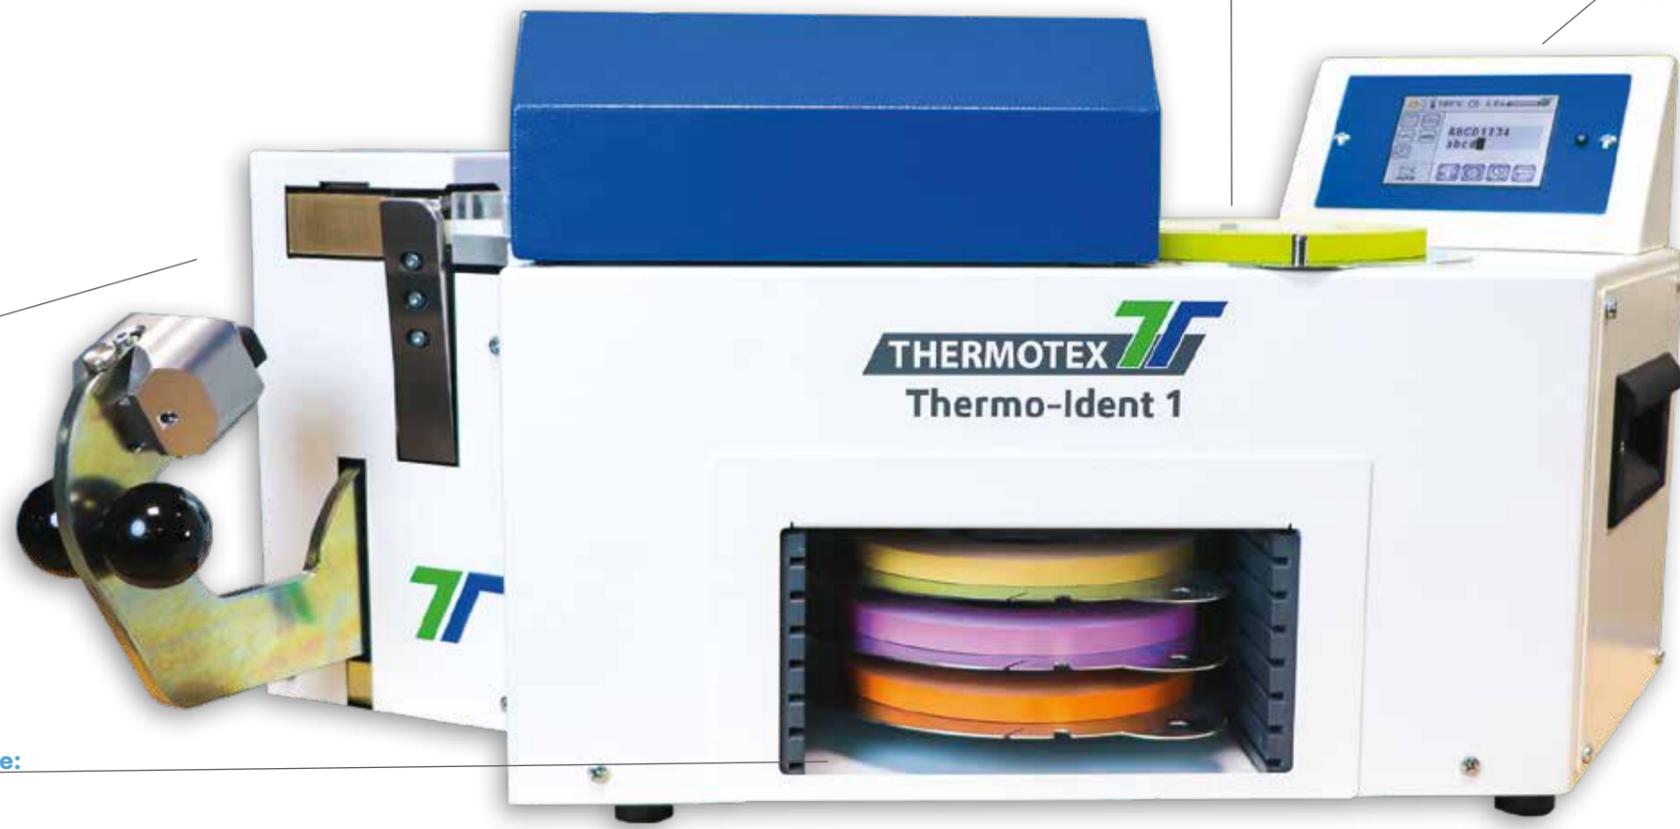

Fast and efficient: Printing, cutting, and heat-sealing in the shortest time. The label length adjusts dynamically to the text content — ideal for varying labeling lengths.

Spare or intermediate storage: Holds up to 7 rolls

Stand-alone operation
Or connection to PC systems via serial interface and Ethernet

Single-use and permanent labeling
Two applications possible with one machine

Proven THERMOTEX control unit
With easy-to-read colour touchscreen and numerous useful features (programmable function keys, operating hours counter, language selection, automatic counting and numbering)

View now:

Flexible label design: Datamatrix, barcode, plain text and/or logo — single or multi-line — with sharp print quality thanks to thermal transfer printing technology.

Replaceable Teflon plate

Colour touchscreen

Thermo-Ident 1	For use with 10 mm wide tapes (requires compressor)	Item no. 23620
Thermo-Ident 2	For use with 15 mm wide tapes (requires compressor)	Item no. 23630
Replacement plate		Item no. 23329
Cleaning and maintenance kit Thermo-Ident 1		Item no. 70050
Cleaning and maintenance kit Thermo-Ident 2		Item no. 70051

THERMO-IDENT TAPE — TEMPORARY (IT)

For single-use labeling

- ▶ Absolutely unique: Single-use labeling using thermal transfer printing
- ▶ Sharp print quality
- ▶ Residue-free removable labels
- ▶ Suitable for industrial ironing, resistant to dry cleaning
- ▶ Roll length: 50 m
- ▶ Packing unit = 4 rolls

Quality	Colour
IT 2050	white
IT 2051	yellow
IT 2052	brown
IT 2053	green
IT 2054	light red
IT 2055	pink
IT 2056	light blue
IT 2057	orange

COMPRESSED AIR HOSE

- ▶ For connecting compressors to the Thermo-Ident
- ▶ Length: 2 m
- ▶ With single-hand coupling and plug sleeve

Item no. 10233

PROTECTIVE COVER

- ▶ To protect the Thermo-Ident from dirt and dust
- ▶ Colour: white
- ▶ Printed with THERMOTEX logo
- ▶ Fabric: flame-retardant material

Item no. 65676

INTERCHANGEABLE PLATE

Item no. 23329

Magnet for interchangeable plate. Item no. 23703

THERMO-IDENT-BAND PERMANENT (IP)

For permanent labeling

- ▶ Resistant to dry cleaning
- ▶ Not suitable for industrial ironing (except IP 2041 white)
- ▶ Sharp print quality
- ▶ Roll length: 50 m
- ▶ Packing unit = 2 rolls

Quality	Colour
IP 2010	yellow
IP 2011	blue
IP 2012	orange
IP 2013	green
IP 2014	red
IP 2015	pink
IP 2016	mint green
IP 2017	ochre brown
IP 2018	rose
IP 2026	white
IP 2041	white-suitable for industrial ironing

Item no. 65233

INK RIBBON

Thermal transfer

- ▶ I-C-9-sw
- ▶ Roll width: 25 mm
- ▶ Roll length: 300 mm
- ▶ Ø Core diameter: 25.4 mm
- ▶ Colour: black
- ▶ 2 rolls

For consistently optimal, long-lasting results

CLEANING AND MAINTENANCE SET FOR PRINTHEAD MAINTENANCE

1 bottle of cleaning fluid

10 cleaning sticks

1 bag of temperature indicator strips

1 tube of cleaning paste

5 cleaning wipes

1 hard rubber pad

1 cleaning brush

Cleaning kit for Thermo-Ident 1
Cleaning kit for Thermo-Ident 2

Item no. 70050
Item no. 70051

TACKING GUNS

If direct patch labeling on the garment is not possible, tack labels made of nonwoven material or tacking threads offer the ideal alternative. The labels are made from a special, durable material that can be easily printed using Thermo-Ident labeling tape. They can be quickly attached to the garment using tacking threads or safety pins — flexible, reliable and perfect for clean, temporary labeling.

Temporary labeling
with the Mark III Plus
and Mark III Fine Fabric

MARK III PLUS

With green housing for small to medium volumes

Replacement needles (5 pieces per pack)	Item no.
Short plastic shaft	14313
Short extra-strong steel needle	14314

Nylon tacking threads, natural (5,000 pieces per pack)

		Item no.
Total length	Thread length	
19 mm	13 mm	50550
26 mm	20 mm	54250
31 mm	25 mm	53880
46 mm	40 mm	53881

Mark III Plus Item no. 14312

MARK III FINE FABRIC

With red housing for medium to large volumes

Replacement needles (5 pieces per pack)	Item no.
Short plastic shaft	14329
Short extra-strong steel needle	14331

Nylon tacking threads, natural (10,000 pieces per pack)

		Item no.
Total length	Thread length	
26 mm	20 mm	54076

PP tacking threads (10,000 pieces per pack)

		Item no.
Total length	Thread length	
56 mm	50 mm	58069

Mark III Fine Fabric Item no. 14328

MORE PERFORMANCE COVERAGE RESULTS

Our textile printers stand for efficiency, precision and maximum performance — developed for those who rethink labeling.

Ideal for everyone who wants more.

PT-COMPACT 1

Specifically designed for use with clichés and heat-seal ribbon

PT-COMPACT 2

Specifically designed for use with Ecoflex emblems or roll-fed transfers
